Dear Dbakad,

Many thanks for your supporting on our CPW Unit.

We understood your technical capability is excellent and we are going to continue our close cooperation with you and your esteemed company.

Regarding the our expansion phase, we are now waiting to receive the confirmation letter from our main shareholder ( i.e TPI Co.). As you know, its not possible to go through without a/m letter.

You will be informed regarding our latest situation and any consequences here immediately.

Have a nice time.

Best regards,

Khastavan A.R.
